

## **Braeloch Brewing - Keeping you, our Staff, and your Beer Healthy**

Concerning the impacts of COVID-19 to our daily lives, we would like to provide an update and reassurance as to how we are handling the situation at Braeloch Brewing. The health of our customers and our staff are of utmost importance.

In addition to our regular high standards of cleanliness, below are the additional measures we are taking to keep you, our staff, and your beer healthy during these times:

- Our staff will be increasing the number of times during the day to wipe down all frequently touched surfaces including door handles and push bars, order/pay station screens, bathroom sinks, chairs and couches, table tops, tap handles,
- Following our normal practices, glassware is never re-used without first being cleaned and sanitized
- When opening a tab or paying your bill, all customers will be given the option to swipe their card rather than handing it to a Beertender to do so
- We will continue to use commercial-grade, food service appropriate Ecolab chemicals for our cleaning
- Additional hand sanitizer pump stations have been added to those we already have installed
- We will have gloves available (while supplies last) for anyone wishing to still play our giant Jenga, Connect 4, and cornhole. All board games will be put into storage until after the virus concerns have lifted.
- All staff have been instructed to stay home if they experience any flu-like symptoms. We ask the same for all of our customers.

We will continue to do all that we can to promote and perform all aspects of sanitization so all of our customers and staff can enjoy a safe and fun environment to relax and enjoy time together.
